

EMEP grids reprojected by EEA (50km)

EEA has reprojected the grid used by EMEP for analyses on air emissions (150*150 km2 and 50*50 km2 grids covering Europe)

Use limitation	Data and information is free of charge. It is important to acknowledge and reference the origin of the EMEP data in all publications and further dissemination of EMEP data.
Access constraints	Other restrictions
Other constraints	No limitations to public access
Language of dataset	English
Begin date	1999-01-01
End date	1999-12-31
Additional Information	<p>The original EMEP grids have been reprojected into the European standard projection in order to facilitate re-use of EMEP information on air emissions, deposition and critical loads in EEA map products.</p> <p>Organisations responsible for delivering national data to EMEP should always use the grid in polar stereographic projection as provided by EMEP (http://www.emep.int/grid/index.html).</p>
Distribution format	<ul style="list-style-type: none"> • SHP ()
