

EEA Administrative Boundaries

The administrative boundaries of the 38 EEA member countries and the United Kingdom layer contains various aggreation levels using the NUTS 2016 classification (Nomenclature of territorial units for statistics): country (NUTS0), NUTS1, NUTS2, and NUTS3 regions. The datasest has been created in raster format with a spatial resolution of 100m grid size, matching with the Corine Land Cover accounting layers. This dataset has been created as a reference layer for performing spatial analysis and calculating statistics at country level for the European territory as needed by accounting activities such as Land and Ecosystem Accounting (LEAC). The datasets has been derived from the EuroBoundaryMap 2020 (EBM 2020) from EuroBoundaryMap 2020 (EBM 2020) from been used to validate/check eventual gaps in EBM 2020.
