

In this folder the uploaded reports / report parts contain the following:

Updated crosswalk of the revised EUNIS Habitat Classification with the European vegetation classification and indicator species for the EUNIS grassland, shrubland and forest types

Report EEA/NSS/17/002/Lot 1. Published April 2019

Processing European habitats probability maps for EUNIS Forest (T), Heathland, scrub and tundra (S) and Grassland (R) habitat types based on vegetation relevés, environmental data and Copernicus land cover

ETC/BD Technical paper in collaboration with EEA, published December 2019

Distribution and habitat suitability maps of revised EUNIS grassland, heathland, scrub, tundra and forest types

ETC/BD Technical paper in collaboration with EEA, published December 2018

Indicator species for revised forest habitat types

This is an extract from the following report: Review of grassland habitats and development of distribution maps of heathland, scrub and tundra habitats of EUNIS habitats classification (Report EEA/NSV/15/005), published June 2016, and it contains the following chapters and Appendixes:

4 Description and distribution of the revised EUNIS heathland, scrub and tundra habitat types

4.3 Update of indicator species of the revised EUNIS woodland habitat types

Appendix D: Lists of indicator species of the revised woodland habitat types

Description and distribution of revised forest habitat types

This is an extract from the report: Vegetation analysis and distribution maps for EUNIS habitats (Report EEA/NSV/14/006), published January 2015, and it contains the following chapters and Appendixes:

4 Description and distribution of the revised EUNIS forest habitat types – Task 3

- 4.1 Background
 - 4.1.1 Existing EUNIS habitat text descriptions
 - 4.1.2 The EUNIS glossary
 - 4.1.3 EUNIS habitat parameters
 - 4.1.4 Other considerations and sources for describing European habitats
- 4.2 Description in a standard format of the revised EUNIS forest habitat types
- 4.3 Maps of distribution of phytosociological relevés and probability of occurrence based on distribution models for each of the revised EUNIS forest habitat types
 - 4.3.1 Data selection
 - 4.3.2 Habitat suitability modelling

Appendix C: Descriptions of EUNIS forest habitat types

Appendix F: Distribution and suitability maps of the revised EUNIS forest habitat types

Review of EUNIS forest habitat classification

Report EEA/NSV/13/005. Published November 2013
