

## LIST OF INSTITUTIONS INVOLVED AND THEIR ROLES

Table. List of institutions involved in the preparation of reports on climate change mitigation policies and measures and projections of greenhouse gas emissions and removals

	Name of the institutions	Roles and responsibilities
1	The Minister of Climate and Environment (MKiŚ)	<ul style="list-style-type: none"> <li>• He coordinates the work on the reports.</li> <li>• He consults draft reports with other Ministers.</li> <li>• He submits draft reports for consideration to the Council of Ministers.</li> <li>• He is responsible for the submission of the reports to the European Commission.</li> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on policies and measures in the energy, waste and forestry sectors and on the EU ETS system and the achievement of the greenhouse emission reduction targets in the non-ETS sectors.</li> <li>• He cooperates with KOBiZE in the scope of acquiring data for activity projections in the energy, waste and forestry sectors and forest land use.</li> <li>• He is responsible for archiving of the reports.</li> </ul>
2	The National Centre for Emissions Management in the Institute of Environmental Protection – National Research Institute (KOBiZE)	<ul style="list-style-type: none"> <li>• It prepares draft reports and submits them to the Minister of Climate and Environment.</li> <li>• It cooperates with the Ministers responsible for the implementation of sectoral climate change mitigation policies to acquire up-to-date information on planned and implemented policies and measures.</li> <li>• It cooperates with other institutions in possession of information and data necessary for the preparation of the reports.</li> <li>• In cooperation with the competent Ministers, it prepares data on projections of activities used to estimate emission projections (the first data in this scope are to be prepared in December 2021).</li> <li>• It prepares projections of greenhouse gas emissions.</li> <li>• It uploads the final reports into the Reportnet system.</li> <li>• It is responsible for archiving of the reports.</li> </ul>
3	The Minister of Infrastructure (MI)	<ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on policies and measures in the transport sector and the waste sector (water and wastewater management).</li> <li>• He cooperates with KOBiZE in the scope of acquiring data for activity projections in the transport sector and water and wastewater management.</li> </ul>
4	The Minister of Agriculture and Rural Development (MRWiR)	<ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on policies and</li> </ul>

	Name of the institutions	Roles and responsibilities
		<p>measures in the agriculture sector and supports it in the development of methods for estimating the reduction of greenhouse gas emissions in this sector.</p> <ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring data for activity projections in the agriculture sector and farmland use.</li> </ul>
5	The Minister of Economic Development and Technology (MRiT)	<ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on policies and measures in the industrial processes sector and the municipal and household sector.</li> <li>• He cooperates with KOBiZE in the scope of acquiring data for activity projections in the industrial processes sector.</li> </ul>
6	The Minister of Industry (MP)	<ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on policies and measures in the energy sector.</li> <li>• He cooperates with KOBiZE in the scope of acquiring data for activity projections in the energy sector.</li> </ul>
7	The Minister of Development Funds and Regional Policy (MFiPR)	<ul style="list-style-type: none"> <li>• He cooperates with KOBiZE in the scope of acquiring for the purposes of the report on policies and measures the necessary information on the implementation of EU programmes, such as e.g. the Operational Programme Infrastructure and Environment.</li> </ul>
8	The National Fund for Environmental Protection and Water Management (NFOŚiGW)	<ul style="list-style-type: none"> <li>• It cooperates with KOBiZE in the scope of determining the effects of greenhouse gas emission reductions resulting from the implementation of programmes carried out by the NFOŚiGW.</li> </ul>
9	The State Forests National Forest Holding (PGL LP)	<ul style="list-style-type: none"> <li>• It cooperates with KOBiZE in the scope of acquiring information on the implementation of policies and measures in the land use, land-use change and forestry sector.</li> <li>• It initiates and coordinates the preparation of forest management plans within the framework of which periodic assessments of the condition of forests and forest resources are carried out and changes in forest ecosystems are projected.</li> <li>• It prepares periodic large-area inventories of the condition of forests and updates the status of forest resources.</li> <li>• It operates a databank on forest resources and the condition of forests.</li> </ul>
10	Central Statistical Office (GUS)	<ul style="list-style-type: none"> <li>• The source of most statistical data necessary for the performance of annual national emission inventories.</li> <li>• A source of population projection data.</li> </ul>
11	Energy Regulatory Office (URE)	<ul style="list-style-type: none"> <li>• A source of data on the energy sector, including the data on the mechanisms for support to RES and high-</li> </ul>

	Name of the institutions	Roles and responsibilities
		efficiency CHP as well as energy efficiency improvements.
12	Agency for Restructuring and Modernisation of Agriculture (ARiMR)	<ul style="list-style-type: none"> <li>A source of data on the agriculture sector, including the data on the programmes implemented under agricultural policies.</li> </ul>
13	Council of Ministers (Committee for European Affairs)	<ul style="list-style-type: none"> <li>It approves the structure of the national system and the tasks, roles and responsibilities of the particular entities / institutions.</li> <li>It accepts the report on the national system before its submission to the EC.</li> </ul>

## ORGANOGRAM
